

SAKIB KHANDAKAR

Computer Science & Engineering Graduate Machine Learning & NLP Researcher

Bangladesh — Email: sakibkhandaker21@gmail.com — Phone: +8801915608340

LinkedIn: Sakib Khandakar — GitHub: Sakib Khandakar

Research Interests: Natural Language Processing (NLP), Machine Learning, Deep Learning, Spatio-Temporal Modeling, Intelligent Systems.

EDUCATION

Bachelor of Science in Computer Science & Engineering Jashore University of Science and Technology (JUST), Bangladesh	Graduation: 2026 CGPA: 3.28 / 4.00
---	---

RESEARCH EXPERIENCE & THESIS

Undergraduate Researcher & Thesis Candidate Jashore University of Science and Technology (JUST)	Feb 2025 – Apr 2026
---	----------------------------

- **Undergraduate Thesis:** *Spatio-Temporal Traffic Accident Risk Modeling in Bangladesh*
Supervisor: Jubayer Al Mahmud, Lecturer, Dept. of CSE — Defended: April 28, 2026
 - Developed a hybrid machine learning and deep learning framework integrating NLP techniques (BERT, LSTM) for unstructured traffic accident reports alongside geospatial data to forecast regional crash risks.
- **Road Accident Analysis & Prediction Project:**
 - Preprocessed, merged, and engineered features across multi-source spatial, casualty, and temporal traffic datasets in Bangladesh.
 - Benchmarked predictive performance across statistical, ML, and Graph Neural Network architectures (ARIMA, Linear Regression, Random Forest, XGBoost, GCN, GAT) using MAE, RMSE, and R^2 metrics.
- **NLP & Deep Learning Applications:**
 - Evaluated Transformer and sequence architectures (BERT, BiLSTM, RNNs) with attention mechanisms, word embeddings, and transfer learning for text classification and sentiment-related tasks in Python.

TECHNICAL SKILLS

- **Programming Languages & Tools:** Python, C++, Git, GitHub, LaTeX, Google Colab, Jupyter Notebook
- **ML/DL Frameworks & Libraries:** PyTorch, Scikit-learn, XGBoost, Pandas, NumPy, Matplotlib
- **Specialized Research Domains:** Natural Language Processing (BERT, Transformers), Graph Neural Networks (GCN, GAT), Spatio-Temporal Predictive Modeling, Computer Graphics (OpenGL, GLUT)

LEADERSHIP & ACADEMIC ACTIVITIES

President — <i>JUST Robo Society</i>	Feb 2025 – Mar 2026
---	----------------------------

- Directed overall technical operations, managed hands-on robotics workshops, and organized the regional program of the International Robot Olympiad 2024.

Executive (Office & Official Operation) — <i>JUST Research Society</i>	September 2024 – Jun 2026
---	----------------------------------

- Managed daily administrative operations, official university correspondence, and logistics for research seminars and events.

Founding Member — *Unnoto Mom Shir* **July 2023 – Apr 2026**

- Spearheaded STEM outreach programs, youth educational initiatives for underprivileged children, regional flood relief operations, and voluntary blood donation drives.

Founding President — *Narsingdi Student's Association, JUST* **Feb 2025 – May 2026**

- Established and led the regional student organization, coordinating academic mentorship programs, orientation sessions, and student welfare initiatives.

Active Member — *JUST CSE Club* **Feb 2022 – Apr 2026**

- Participated in competitive programming contests (ICPC) and consistently solved algorithmic problems on Codeforces, VJudge, and CodeChef; co-assisted technical workshops and cultural events.

OTHER EXPERIENCE

IT Support & Systems Executive — *AIR TOP OVERSEAS* **Feb 2026 – Jul 2026**

- Managed office IT infrastructure, network troubleshooting, and administrative systems support.

Private Science & ICT Tutor — *Independent* **2022 – 2026**

- Provided academic mentorship and tutored 20+ High School students in Mathematics, Physics, Chemistry, and ICT.

CERTIFICATIONS, ACHIEVEMENTS & VOLUNTEERING

- **Certification:** Completed an 80-hour *Python with Machine Learning* program by Bangladesh Computer Council (BCC) & ICT Division (2024).
- **Competitive Programming:** Contestant in ICPC Asia Dhaka Regional/Preliminary Contests; active solver on Codeforces, VJudge, and CodeChef.
- **Robotics & Technical Events:** Event Organizer for the International Robot Olympiad (Khulna Regional) and Cubical 1.0 (JUST Robo Society).
- **Conference Volunteering:** Student Volunteer at the International Conference on Emerging Technologies for Sustainable Development (*ICETSD 2025*).
- **STEM Outreach & Service:** Led STEM education for underprivileged children, flood relief, and blood drives via *Unnoto Mom Shir*.
- **Academic & Campus Engagement:** Coordinated technical workshops, research seminars, and academic activities across JUST student societies.
